NASBY.

The Democracy of the Corners Have Some Doubts, Which Mr. Nasby Dispels With His Usual Ability.

CONFEDRIT X LOADS (which is in the state of Kentucky), July 1, 1880 .- There hez been altogether too much murmin among the dimocrisy uv the Corners to Memphis, who has resided there for a hed. The first dooty uv a dimekrat is to vote the tikkit set afore him, and ef he thoroughly identified with the western landlord who hed fastijous boarder wich didn't like hash hed the proper method. When the boarder put in by the republicans of Shelby a mild protest that he would like suthein beside hash the landlord pulled out a car-vin knife, and seezin him by the throte remarkt: "You do like hash don't you?" The boarder looked at the knife and conthe olfactory nerves of the Appeal, clouded that hash wuz the best possible food for him, and order wuz restored to wunst

Percisely so in pollytix Ef a dimecrat don't like a nominashun the carvin knife must be appealed to.

Deekin Pogram swore that he wooden't vote for Hancock, nohow. Hancock wore a bloo uniform doorin the war, and scholar and a high-toned gentleman, he (Pogram) hed suffered too much by the subjoogashen uv the south to support any man wich hed assisted in the subjooga

> Issaker Gavitt woodent vote for Hancock, becoz he bleeved that Tildon shood hev bin nominatid, or some dimekrat ekally able to open a barl or two. Bascom didn't like the nominashen, for ne hed ez yit, seen no indicashens uv any

expenditoors for the coz Captain M'Pelter remarkt that the nomnashun uv Hancock wuz a betrayal uv the south, becoz Hancock hed born arms

I hed one reply to make these misgidid men, wich I did. Ez to the barl there wuz other barls besides Tilden's. Hancock hedn't much of a barl, but he hed frends wich hed, and English hed one of his own The Corners mush t jump at conclosshuns The Corners kin wait. The refreshen shower will come, and the Corners will git all that it is entitled to. No reform hez to colonize the southern counties in Injeany, for the October eleckshun, and pay our expenses. So much for that. Ez to the nominashen uv General Han cock, wat more cood we want? Wat difference does it make to us who the candidate is? Wat we want is results. I fort and pay what I owe to the citizens of

Issaker Gavitt wants to be collecter and Captain M'Pelter wants a place in the revenoo, and Deekin Pogram wants to be suthin or other. Then the Corners wants seeshn Crik slack watered, and a raleroad custom house, and she wants her southern soljers penshund, and the losses she sus tained made good by the federal govern

Ef General Hancock is elected is he the post offlis? Is he goin to continyoo Is he goin to refooze the Corners the for losses is he going to refoose?

Not much. The creature kin never be sooperior to the creator. It is we wich will make him president ef he is presi dent. It is to us that he will owe his rise, and he can't go back onto us

I ain't a bit afrade uv any man wich will take a nominashen at our lands. A northern man that will do that may be counted upon to carry out the bargain that gave him to us, for he hez nothin else to do. When sich a man comes over to southern man, for he hez everything to make by bein troo to us, and nuthin to lose Yoo say we mite hey nominated a southern soljer jist ez well. Troo, but we could not hev elected him. The north resent that, and we should hev bin no better off than we are now. But Hancock will git the northern votes necessary to elect him, and ez he will doo our work jist the same ez a southern man, wat diffrence is it to us? I don't keer wat yooniform a soljer wore in the war, so that he does wat we want him to do now We want postoffices, and appropriashens, and ef we elect Hancock we git em, and ef we don't we don't. Let us be as wise as serpints anyhow, jist now, and the dove biznis we will consider hereafter. The friends took another view uv the matter after my remarks and decided that a debilitated physique, and enriching a thin and after all it would be better to support innutritious circulation with Hostetter's Stomafter all it would be better to support Hancock corielly. All uv us agreed to go to Injeany in time to vote there in Octoto git in five good votes, and Capt. M'Pelter is ekally enthoosiastic. The Corners is all rite agin, and the dimorrisy may look for a good report from Injeany. I
